On November 15, 2021, the Affiant, reviewed NIBIN pattern 774-21-001253, which consist of numerous DPD documented incidents including but not limited to DPD report 2111080324. A summary of DPD report 2111080324 is as follows:

DPD Sunguard Report 2111080324

- A. On November 08, 2021, officers responded to the BP gas station located at 17151 Gilchrist St, Detroit MI 48235 for a shots fired police run. According to the complainant, multiple black males engaged in a verbal altercation outside of the BP gas station, which transpired into an exchange of gun fire. By doing so, law enforcement personal entered the .40 caliber casings into the Integrated Ballistic Identification System (IBIS). IBIS is the platform connecting the National Integrated Ballistic Information Network (NIBIN), the ATF administered automated ballistic imaging technology used to acquire digital images of markings made by a firearm on fired cartridge cases. The NIBIN National Correlation and Training Center (NNCTC) reviewed the images and issued a high confidence lead indicating the 9mm casing cartridges recovered at the "shots fired" police run match the .40 caliber cartridge casings recovered from the following DPD documented incidents and were likely fired from the same gun: [REDACTED] and [REDACTED]
- C. On November 09, 2021, Detroit Police Officer Shannon Bullock of the Avert Unit, extracted video footage of the incident documented in DPD 2111080324. The video extraction was placed on evidence under evidence tag 666062-31.

- On November 8, 2021 at approximately 7:00 pm, a gray Chevrolet Malibu (hereinafter referred to as TARGET VEHICLE) with a white front bumper and quarter panel arrived at 17151 Gilchrist St. Upon parking at the gas station pump, a black male with the following description: medium-dark complexion with braids, wearing a black zip-up jacket with two white stripes on the sleeves of the jacket, dark colored jeans and a white shirt underneath the jackets, exited the passenger seat of the TARGET VEHICLE. jacket with white stripes on the sleeves (hereinafter referred to as SUSPECT 1) enter into the establishments, while holding his pants up with his right hand. Surveillance footage shows SUSPECT 1 appear in and out of camera view within the gas station. SUSPECT 1 eventually approaches the counter and waits in line as if he was attempting to make a purchase. While SUSPECT 1 was waiting in line, two unknown black males exited a black Jeep Liberty and entered into the establishment, one wearing a gray hoodie and blue jeans gripped the handle of a firearm in his right front pocket as he passed SUSPECT 1. SUSPECT 1, then removed a firearm from his waistband and placed it on the gas station counter. Below, titled image 2 depicts SUSPECT 1 removing the firearm from his waistband. Furthermore, SUSPECT 1 executed his purchase and retrieved the firearm from the counter before exiting the gas station. While exiting the gas station, SUSPECT 1 appears to be engaging in a verbal altercation with the unknown black males mentioned above. firing shots at the unknown black males as they exited the gas station. The unknown black males retreat behind the black Jeep Liberty. The TARGET VEHICLE continued to depart the gas station parking lot, while continuing to stay in camera view, SUSPECT 1 exits the passenger side of the TARGET VEHICLE and fired more shots at the unknown males. IV. Training and Experience Firearms

5. Based on my training and experience and discussions with other law enforcement agents, individuals who possess firearms, which are durable and non-perishable items, often maintain possession of them for extended periods of time. Individuals who possess firearms also possess other items associated with their firearms including ammunition, magazines, holsters, cases and records indicating purchase, and use, maintenance or sale of such items.
6. Based on my training, experience and past firearms investigations, individuals who possess firearms illegally will keep receipts, price tags, boxes, and other evidence of their firearms purchases.
7. Based on Affiant's training and experience, LEE-STINSON, a convicted felon, will retain possession of that firearm as discussed above.

**STATE OF MICHIGAN
COUNTY OF WAYNE**

8. Firearms possessed by LEE-STINSON are more valuable to LEE-STINSON than the average. Purchaser because, as a prohibited person, he cannot purchase a firearm on his own. Further, any attempts to purchase a firearm exposes him to potential arrest and prosecution.
9. Based on the lack of access to, and the lack of ability to purchase firearms by prohibited persons, prohibited persons use other non-prohibited individuals to obtain firearms;
10. A prohibited person will not be able to readily replace that firearm due to their prohibited status.
11. It is common practices for individuals who possess firearms, both legally and illegally, to store, maintain, carry and possess these firearms on their person, in their vehicle, and/or in their residence. The firearms are frequently readily accessible for personal protection and the protection of their residences and property; and
12. The vast majority of firearms seized by law enforcement are seized in one or all of the above locations.
13. In conclusion, based on the aforementioned information, your affiant believes that evidence of the above criminal offenses will be located inside of the TARGET PREMISES.
